Records of the Silver War Badge

The Silver War Badge was instituted in 1916 and awarded to men who were honourably discharged under certain regulations which are shown below. It was also awarded in retrospect: that is, to men discharged in 1914 or 1915 who otherwise met the criteria.

Eligibility

The Silver War Badge, sometimes wrongly referred to as the Silver Wound Badge, was instituted from 12 September 1916 under Army Order 316. It is a circular badge with the legend "For King and Empire – Services Rendered" surrounding the King George V cypher. The badge had a pin for wear as a brooch.

The badge was awarded to all of those military personnel who had served at home or overseas during the war, and who had been discharged from the army under King's Regulations. Expiry of a normal term of engagement did not count and the most commonly seen reason for discharge and issue of the badge is KR 392(xvi), meaning the soldier had been released on account of being permanently physically unfit. The address on these documents for 1917-19 is given as:

White Cottage, East Newton, Hovingham The address on a document for 1920 is given as Yoadwath, Kirkbymoorside.

The document from Ministry of Pensions and signed by the Controller, Soldiers' Award Branch notes that Arthur received a Gun Shot Wound (GSW) to the chest. (See overleaf)
